<u>CODEX</u>

Budget: 3000

Duration: 1Hr 10 Min

Location: Computer Science Lab

Language: C Programming Language

<u>Actual Plan</u>

1. MCQ Round (20 minutes):

- Provide 20 multiple-choice questions.
- Participants have 15 minutes to complete the questions.
- Allow 5 minutes to select the top 5 scorers for the next round.

2.Coding Round (35 minutes):

- Present a complex coding problem to the top 5 participants.
- Participants have 30 minutes to solve the problem and write their code.

3.Judging and Awards (10 minutes):

- Award first and second prizes to the participants whose code produces the most accurate results when evaluated against the actual output.
